

HOT BLOOD 3.0

Food supplement powder with creatines, carnitines, amino acids, vitamins, magnesium, citrulline malate, AAKG, caffeine, beta alanine, sugar and sweeteners.

NET WT:
300 G

When you train or are engaged in physical activity and you reach a certain intensity, your body and blood "heat up" so you can work more efficiently. Our HOT BLOOD complex pre-workout formula is carefully designed to support your body in physical activity, especially during high-intensity training! Our 5 component, multi-creatine matrix is 4500 milligrams and provides - among others - the most studied Creatine form ever! Creatine in this dose is scientifically proven to increase performance in successive bursts of short-term, high intensity exercise like weight training and interval cardio! * Many of our select ingredients contribute to one or more of the following beneficial physiological effects*: Normal muscle function. / Normal functioning of the nervous system: neurotransmission and muscle contraction including heart muscle. / Reduction of tiredness and fatigue. / Normal energy-yielding metabolism. / Normal amino acid/protein synthesis. / Normal psychological function. / Electrolyte balance.

*These statements have been scientifically proven by the European Food Safety Authority (EFSA) and authorized by the European Commission (EC).

Warnings: This product contains an absorption modifier that could affect your medications – consult your physician before use! Contains 300 mg of caffeine per serving. Not recommended for children or pregnant women. Individuals sensitive to stimulants should first assess tolerance by taking half servings! Beta Alanine may cause a harmless, temporary tingling sensation on the skin for some individuals. Use this product in conjunction with food as part of a healthy, balanced diet, not as a substitute for such. KEEP OUT OF REACH OF CHILDREN! DON'T EXCEED THE DAILY RECOMMENDED DOSAGE!

Allergen info: Manufactured in a facility that processes milk, egg, gluten, soy, peanuts, nuts, fish and crustacean ingredients.

Storage conditions: Store in a cool, dry place. Heat and sunlight may damage the bottle!

Best before end: see on packaging. (MM/YYYY) **Batch number:** see on packaging.
